Dear George:

The report on our Image Quality Evaluation Program has been published and I am enclosing a copy for your retention. Should you desire more we have additional copies available.

I briefed SAFSS and other interested individuals this morning. On the whole, the briefing was well received and the results of the Program considered to be significant and useful. I fully expect certain aspects of our investigation to be continued. The sponsorship will vary according to the particular requirements of each organization. It is highly unlikely that an additional follow-on committee will be formed.

I would like to thank you for your personal participation and for your company's interest in our problem. I feel we have accomplished quite a bit, and while much remains to be done, I consider our efforts meaningful. I look forward to continuing the association we have developed on a personal basis, if not through formal channels.

Sincerely,

25X1

Enclosure
